New Siamese Twins.

The new Stamese twins do not come from slam. They are natives of Orissa, in India. They are to appear at the World's Fair, Chicago. Italy, when she was a child, was Mile. Rosa Aberser, who was a girl of twenty-two when

The names of the children are Radica and Doddica. The two little girls are three and eggs, and when it thickens add a cup of a half years old, and are really pretty children. The peculiarity of their connection is that there is a flexible bony attachment from breast to breast, and below this there is visceral connection. There is only one navel. The children were born in a caul.

If food is given to one the other is satisfied, in 1832 that Emma Willard wrote the famous and if medicine is administered to one the last eccentricity in their line, but the sale of ballad, " Rocked in the Cradie of the Deen." other is affected, but not to the same extent this fluid is very limited, being a style that In midocean a terrific storm set in and the as the one to watch it was given. only the ultra fashionables will adopt. Gray frail ship was tossed about by the waves. The curious circumstance is that when a sentence letter paper of a rather dark shade is empassengers were all badly frightened, except is begun by one child the other frequently ployed when writing with this ink, and the Miss Willard, who seemed to undergo the finishes it. When sleeping, one chiefd lies ployed when writing with this ink, and the contrast is very novel. The style of stamp-ing the monogram or address on the fourth page of a sheet of writing paper is becoming in the main cabin and read the first verses of quite universal. Some people think that this the balled. The Duc de Choiseul was among friends, and seidom quarrel.
